

Comprehensive Animal Cancer Care

Oncology services offered at the Mona Campbell Centre for Animal Cancer at the Ontario Veterinary College emphasize a team-based approach. OVC's cancer specialists offer consultation and collaborative care including, medical, radiation and surgical oncologists, technicians, interns, graduate students, other board

certified specialists such as radiologists, criticalists, internists and cardiologists, and support staff and on-site clinical counselling for clients making difficult decisions for their pets.

Cancer touches everyone...including our beloved animal companions.
